## **Victoria Findlay Wolfe wins 1st place in Modern Traditionalism at QuiltCon 2018!**

We are immensely proud of our JUKI Ambassador, Victoria Findlay Wolfe for receiving first place on the Modern Traditionalism category at QuiltCon 2018! Pieced on her trusty sidekick, the TL-2010Q straight stitch semi-industrial sewing machine.

[\*\*About the Quilt\*\*](#)

"Color Study H1 by Victoria Findlay Wolfe  
Quilted by: Shelly Pagliai

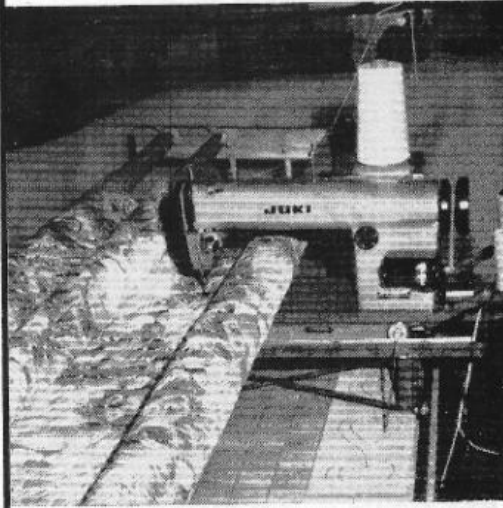

As my process changes and evolves, I am now drawn to repetitive intricate piecing. I was fascinated in how the color adds movement and plays with the eye without changing the pattern of the piecing, which has no horizontal or vertical seams. Perhaps it's my love of puzzles and color...and fabric...Oh, I really love it all!"

## New to JUKI? JUKI certainly isn't new to quilting!

Check out this ad in Quilters  
Newsletter Magazine from 1986!

Our customers new the power and  
precision of JUKI sewing machines  
and were putting them to use on a  
quilting frame.

**Nustyle TABLE FRAME  
for Professional Quilting**

**3 Poles Adjustable up to 12'0"**  
**Height 43" — Width 33½" — Weight 240 lbs.**  
**Self-Oiling — Thread Stand — Bobbin Winder**  
**2 Steel Tracks — Safety Touch Bottom**

Easy to follow pattern. Carriage which the head of the machine fits into moves **forward, backward, sideways or anyway** needed to make the different designs. The machine has a variable speed precision built 1/10 ball bearing motor with high starting torque and a sewing speed up to 3,500 SPM. Variable speed control maintains constant speed from zero to full capacity. *Call or send 22¢ stamp for literature and prices*

## **Modern Quilts Take the Prize at QuiltCon 2018!**

We had SO much fun attending this year's QuiltCon at Pasadena, California! There were many inspiring quilts throughout the show. One that caught our eye was the modern quilts created by Mary Keasler. Her quilts, "Mountain Town" and "Free Motion" pieced and quilted on her TL-2200QVP Series won blue ribbon prizes on the Small Quilts category and American Patchwork and Quilting Magazine challenge!

[Click here to see Mary's process and finished quilts!](#)

**Experience the world's first digitally**

# controlled quilting machine, the J-150QVP!

With a maximum sewing speed of 2,500spm and a generous 12" wide throat space, this smooth, quiet, and durable machine allows you to finish big projects even faster.

## Features include:

- Drop feed for free motion quilting
- Bobbin winder built in
- Bobbin thread counter
- Adjustable brightness of LED light
- Micro-lifter function (float function)
- Includes 48" x 42" extension table
- Adjustable settings via digitally controlled operations panel

Expect perfection when sewing and quilting on your digitally controlled direct-drive machine!

**MSRP: \$4,999**
